International Trade Administration

[A-570-836]

Notice of Final Determination of Sales at Less Than Fair Value: Glycine From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 30, 1995.

FOR FURTHER INFORMATION CONTACT: Sue Strumbel, Office of Countervailing Investigations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th

Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1442.

Final Determination: We determine that imports of glycine from the People's Republic of China (PRC) are being, or are likely to be, sold in the United States at less than fair value, as provided in section 735 of the Tariff Act of 1930, as amended (the Act). The estimated margin is shown in the "Continuation of Suspension of Liquidation" section of this notice.

Case History

Since the preliminary determination (59 FR 220, November 16, 1994) the following events have occurred:

On December 1, 1994, petitioners submitted an allegation of critical circumstances. On January 3, 1995, the Department made an affirmative preliminary determination that critical circumstances exist.

Scope of the Investigation

The product covered by this investigation is glycine which is a freeflowing crystalline material, like salt or sugar. Glycine is produced at varying levels of purity and is used as a sweetener/taste enhancer, a buffering agent, reabsorbable amino acid, chemical intermediate, and a metal complexing agent. Glycine is currently classified under subheading 2922.49.4020 of the *Harmonized Tariff Schedule of the United States* (HTSUS). The scope of this investigation includes glycine of all purity levels.

Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this investigation is dispositive.

Period of Investigation

The period of investigation (POI) is February 1 through July 31, 1994.

Best Information Available

We sent an antidumping questionnaire to the PRC Ministry of Foreign Economic Trade and Cooperation (MOFTEC) and we met with the China Chamber of Commerce

for Metals, Minerals and Chemicals Importers and Exporters (the Chamber) and requested that they: (1) Furnish the questionnaire to any glycine producers and exporters with U.S. sales during the POI, and (2) provide a list of those companies that received the questionnaire. We received a response from the Chamber stating that no Chinese producers or exporters wanted to participate in the case. Accordingly, given that the respondents refused to cooperate in the investigation, we have based our final determination on the best information available (BIA), in accordance with section 776(c) of the Act.

The Department's BIA methodology is described in the notice of the preliminary determination. In this case, BIA is the information contained in the petition, as amended on July 22, 1994. See Initiation of Antidumping Duty Investigations: Glycine from the People's Republic of China (59 FR 38435, July 28, 1994). The amended petition provides a range of margins, from 86.43 to 155.89 percent for all PRC producers and exporters of glycine. Because there were no cooperative respondents in this investigation, we are assigning to all exporters, as BIA, a margin of 155.89 percent, the highest margin calculated in the petition.

Critical Circumstances

Petitioners alleged that critical circumstances exist with respect to imports of glycine from the PRC. In our determination on January 3, 1995, pursuant to section 733(e)(1) of the Act and 19 CFR 353.16, we preliminarily determined that critical circumstances exist because the PRC producers and exporters failed to cooperate with this proceeding.

For purposes of this final determination, we have reconsidered our preliminary determination that failure to cooperate in the investigation warranted an automatic finding that imports were massive over a relatively short period. Section 733(e)(1) of the Act provides that the Department will
